

Problem Set 0

Objectives:

- **Send an introductory email.**
- **Read Effective Java (3rd Edition): Chapters 1, 2, 3.**

Email

Send an email to `michaels (at) cs.nyu.edu` with the following information:

1. A recent photo of you, one where your face is clearly visible.
2. What you prefer to be called (and any pronunciation tips).
3. A few sentences describing your software engineering background.
4. A few sentences explaining why you're taking this course.
5. Describe something you're good at, how did you get good at it?
6. Describe something you're bad at, why are you bad at it?

Reading

Read Effective Java, Chapters 1, 2, and 3. You are expected to know all the suggested items in time for class next week.
